Role profile

1. Occupation(s)

The occupation covered by this standard is Construction Site Supervisor and typical job titles can include: Assistant Site Manager, Assistant Supervisor or Construction Site Supervisor. In the case of SME construction companies the roles are likely to include Site Manager or Site Supervisor. They are associated with the supervision of specialist contractors and workers on construction projects and are based on construction sites with occasional time in offices.

2. Occupational profile

The main duties and tasks of a Construction Site Supervisor are:

Supervision of specialist contractors
The control of health and safety standards on construction projects
Recording, control and reporting of progress on a construction project
The minimisation of the environmental impact of construction projects
Control of quality of works on a construction project
Assisting commercial staff with the monitoring of costs on a construction project

KNOWLEDGE	WHAT IS REQUIRED
Health and Safety	Understand risk assessment of activities and the importance of behaviours in safety-critical environments
Sustainability	Understand the sustainability issues in projects across economic, social and environmental aspects
Construction Technology	Understand different construction methods and materials
Construction Management	Understand management principles and the project management lifecycle
Planning and Organising Work	Understand the importance of project planning and resourcing and be able to analyse different techniques
Monitor Quality	Able to define the quality required on a finished construction project
Monitor costs	Understand the importance of cost control on a construction project

Frequently Asked Questions

What is new apprenticeship standard?

Apprenticeships in England are changing. Because of government reforms, a new style of apprenticeships has been designed to meet the needs of employers, learners and providers.

How will I be assessed?

You will be assessed continually in knowledge, skills and behaviour areas at work. Towards the end of the apprenticeship, employers and providers will 'sign-off' the apprentice as ready for the end-point assessment (EPA).

Signing-off an apprentice indicates the employer and providers believe their knowledge, skills and behaviours are the level required to gain an apprenticeship. This sign-off is called the 'gateway'.

An end-point assessment (EPA) is a collection of assessments that offers confirmation of knowledge, skills and behaviours for a particular role. The EPA must be achieved before an apprenticeship certificate can be issued. The assessment organisation and the assessor must be independent of, and separate from the training provided by the provider and employer.

Do I already need to have a job to start an apprenticeship?

You should be working a minimum of 30 hours per week in a job. If you are unemployed, view our vacancies to apply for a job:

www.hruc.ac.uk/apprenticeships

Can I start an apprenticeship after Year 11?

Yes, you can! Young people in England must stay in education or training until they turn 18. If you're looking for a different option after Year 11, an apprenticeship could be the answer for you!

How much does an apprenticeship cost?

There is no cost for you to do an apprenticeship if you are 16 years old or over and you will be paid a wage.
